PFFM Members are Heroes with Heart

PFFM members Tiffany Bombard of Portland Local 740 and Joshua Pobrislo of South Portland Local 1476 were recently honored as Heroes with Heart during a dinner held by the Portland area Community Counseling Center. An honor guard of firefighters launched the program that pays tribute to professional workers and community volunteers who assist people dealing with tragedy.

The Community Counseling Center holds the event to recognize the actions of firefighters, police officers, medical personnel and members of the Trauma Intervention Program from the surrounding Portland area.

The brothers and sisters of the PFFM would like to thank Tiffany and Joshua for their dedication to those we serve and congratulate them for being honored as this year's Heroes with Heart.
